# Who Knows Who Cares

## Local Natives

I've been going down
Down into the river baby
Listen to sound
It's something only God knows
You figure it out, I can't say
Water's in the clouds
Is my life about to change?
Who knows, Who cares?

So we took a van down to Colorado
Where we ran into the dead
I took you by the hand
Know that even with your doubts, it's okay
Take into account that it's not about to change
Who knows, who cares?

You could let it down
Jump into the river baby
Easy as it sounds
It's never quite as easily done
The current has us now, it's okay
Take into account that it's all about to change
Who knows, Who cares?

No one's been there
But I don't care
I know all have been there
I don't care
I know
