

Smile Jamaica

Chronixx

Smile

Whoah, whoah, whaa
(Smile for me, smile for me)
Ooh Lord, oh-oh, yes I
(Smile for me, smile for me)

Ooh, I met a girl this morning
She was love at first sight
Ooh, I met a girl this morning
And she was beauty to my eyes

I asked her where she from
She tell me in the tropics
She ask me what's my name
I tell her I am Chronixx
And I say girl tell me what's your name
And she tell me that her name is Jamaica

And I said smile, girl, smile
Smile for me Jamaica
And I said smile, girl, smile
Ooh Lord, smile for me Jamaica
Never you cry, here am I
I'm here for you Jamaica
Dry your eyes, girl, smile
Oh, smile for me Jamaica, Lord

Hey, she have a rich history
A beautiful woman with the sweetest gifts
Beautiful sunrise and an evening kiss
Of a nice sunset in the evening seas, yes
But she tell me say she tired
Tired of the exploit and the liars
She give them reggae, give them beaches
Give them flowers and the ferns
And all she got is abuse in return

But I say don't you worry yourself, mama
Hey, Chronixx is here to you help, mama
Ooh, I say no worry yourself, mommy

A one thing me a beg you do for me

And I said smile, girl, smile
Smile for me Jamaica
And I said smile, girl, smile
