Fearless

Donna Lewis

I lie awake watching you
dark and drifting
away are you
you are my centre
you are my everyoneperfect love is everything
and having love is
oh another thing
make me a shining road
travelling on and on.....make me fearless
make me unafraid
show me a vision
make me wanna wait
nothing I long for
nothing more
make me a shining road
make me a shining roadtravelling on and on
make me a shining road
travelling on and on.....
