Dirty Black Hole

Steve Vai

Creeping 'cross the canvas of color, crawling in a cold delight
Bitter sweet perversions, paint their picture cross their precious skyAnd it's all I've been searching forWretched is the filth, that grinds the holy with it's doubt
Embrace it's heart and tear it outchorus:
Reach into the fire, see if you can feel my soul
Burning with desire, to be free from this dirty black holeCan you bring me liberation? do you know the depth of my obscenities?
Love is lost, love is cold, love is sick, love is dead
When love is in the shadows of insanityAnd it's all I've been searching forCursed are the bastard sons of stupidity
Grind that knife and slash their life(chorus)(solo)And it's all I've been searching forGreater is the greatness, gained through humility
Close your eyes, step inside(chorus repeats 2x)
