Emotional

Abs

Oh, it?s still a mystery how she got me high
Anticipating what she's gonna do
?Cause I can't seem to let it go, addicted by her drug
Ain?t got no remedy for this contagious kind of love
Didn?t mean to get emotional
Feel like I'm sinking
It wasn't meant unintentional
I can see what you was thinking
Got a hole in her soul
That?s the shape of a man
Tell me who's your next victim
It ain?t that she hates ya
It?s just her nature
Baby, don?t misunderstand
I give her what she needs
Don't ever seem enough
Ain?t got no room to breathe
Feels like a tainted love
I need to get away
Seems as though it?s been
To belong ?cause when I try
She pulls me right back in
Didn?t mean to get emotional
Feel like I'm sinking
It wasn't meant unintentional
I can see what you was thinking
Got a hole in her soul
That?s the shape of a man
Tell me who's your next victim
It ain?t that she hates ya
It?s just her nature
Baby, don?t misunderstand
Didn?t mean to get emotional
Feel like I'm sinking
It wasn't meant unintentional
I can see what you was thinking
Got a hole in her soul
That?s the shape of a man
Tell me who's your next victim

It ain?t that she hates ya
It?s just her nature
Baby, don?t misunderstand
Ain?t nothing left to give
Just a broken shell
Just enough to live
Just enough to tell a tale
Didn?t mean to get emotional
Feel like I'm sinking
It wasn't meant unintentional
I can see what you was thinking
Got a hole in her soul
That?s the shape of a man
Tell me who's your next victim
It ain?t that she hates ya
It?s just her nature
Baby, don?t misunderstand
