

Bring Yourself To Me

Morgan James

You're giving what you got
But it don't add up to a lot
'Cause all the things you are
Ain't gettin' you so farPRE CHORUS
But believeCHORUS
Oh baby if you bring yourself to me
If you can be the best that you can be
Then baby what you get is what you see
If you bring yourself to me
Bring yourself to meYou're showing the most
But all I'm seeing is ghost
It's something you should feel
I need you to be realPRE CHORUSCHORUSI ain't asking the world now,
Just a girl that's feelin' so cold
I'm just wondering if somehow
You can light that fire
Climbin' higher for meCHORUS
