The Call

Fighting Instinct

A dark shadow is arising
On a dry and thirsty soul
And in the darkness it is hiding
So no one could ever knowOf the emptiness inside him
Or the rate at which it grows
He tries hard to fight the battle
He tries so hard not to let it showAnd God hears his people calling
Praying on their knees
And in the midst of all this darkness
He heres his Fathers pleaIts the call of the great I Am
And like a bright and shining light
In the darkness He is there to guide you
Oh yes, He isAnd through the worst of my times
My Lord is there to guide me
Through the trials of my lifeAnd everything that comes my way
Through all the bad and all the good
I will find the light of dayAnd when Ive done all I can do
And I feel I cant go on
I hear the voice of my God above
And His love makes me strongIts the call of the great I Am
And like a bright and shining light
In the darkness He is there to guide you
To guide me, yeah, yeahOh, its the call of the great I Am
And like a bright and shining light
In the darkness He is there to guide you
Oh yes, He is, yeah
