Montage

The Darjeeling Limited OST

The hours approaching, just give it your best
And you've got to reach your prime
That's when you need to put yourself to the test
And show us a passage of timeWe're gonna need a montage
(Montage)
Ooh it takes a montage
(Montage)Show a lot of things happing at once
Remind everyone of what's going on
(What's going on?)
And with every shot you show a little improvement
To show it all would take to longThat's called a montage
(Montage)
Oh we want montage
(Montage)And anything that we want to go
From just a beginner to a pro
You need a montage
(Montage)
Even rocky had a montage
(Montage)Montage
MontageAnything that we want to go
From just a beginner to a pro
You need a montage
(Montage)
Ooh it takes a montage
(Montage)Always fade out in a montage
If you fade out, it seem like more time
Has passed in a montage
Montage
