Dontchange

Musiq Soulchild

Lately you've been questioning
If I still see you the same way
'Cause through these trying years
We gonna both physically changeNow don't you know
You'll always be the most beautiful woman I know
So let me reassure you, darlin'
That my feelings are truly unconditionalSee, I'll love you when your hair turns gray
'Cause I'll still want you if you gain a little weight, yeah
The way I feel for you will always be the same
Just as long as your love dontchange, noI was meant for you and you were meant for me, yeah
And I'll make sure that I'll be everything you need, yeah
Girl, the way we are is how it's gonna be
Just as long as your love dontchange'Cause I'm not impressed, more or less
By them girls on the TV and magazines
'Cause honestly I believe that your beauty
Is way more than skin deep'Cause everything about you makes me feel
I have the greatest gift in the world
And even when you get on my last nerve
I couldn't see myself being with another girlI'll love you when your hair turns gray, yeah
And I'll still want you if you gain a little weight, yeah
The way I feel for you will always be the same
Just as long as your love dontchange, noI was meant for you and you were meant for me, yeah
And I'll make sure that I'll be everything you need, yeah
Girl, the way we are is how it's gonna be
Just as long as your love dontchangeSo don't waste your time worrying 'bout
Small things that ain't relevant to me
'Cause to my understanding
You're all I want and needSee, what I'm trying to say is I'm here to stay
And as long as your love doesn't change
Baby, baby darling, I swear that I
I swear I ain't going nowhere, noI'll love you when your hair turns gray, yeah
And I'll still want you if you gain a little weight, yeah
The way I feel for you will always be the same
Just as long as your love dontchange, noI was meant for you and you were meant for me yeah
And I'll make sure that I'll be everything you need, yeah
Girl, the way we are is how it's gonna be
Just as long as your love dontchangeYou're my baby, yeah yeah
Don't you change, baby, no
Baby, you gotta understand

That I love you baby, yeah yeah
Don't you know, you gotta know, you gotta know
Yeah, ohh, yeah, ohh
