

Radio Junkie

Giulia

Saw her first time on the boulevard
Standing by the kiosk playing lottery cards
Bubblegum smile
Head cannistors on
Bobbing her head to her favourite song Fm , Am
Good morning afternoon
Drive time her time
Got nothing else to do
She's a Radio
Radio junkie
All she hears is all
She's turning on
Living on rock&roll;
Little blues country soul
Moving to the grove
Smiling when the bass gets funky
She's Radio Junkie She doesn't follow trends no party girl
She's working at the weekend at the bar and grill
And if you ever see her when it's late at night
You'll see she's roller coasting till the morning light She's on Fm , Am
Good night and morning too
Drive time her time
That's all she wants to do
Middle 8
Some say
She's a little bit crazy
But maybe she found the frequency
To set her free
To set her free Ad lib (radio , radio junkie) She's a Radio
Radio junkie
All she hears is all
She's turning on
Living on rock&roll;
Little blues country soul
Moving to the grove
Smiling when the bass gets funky
She's Radio Junkie
