

# Something I Would Die For

[Millencolin](#)

Why don't you like me the way I am, it's something I don't understand  
Cause still you need me when I go, yeah you've lost it need my flow  
What's the reason for this mess, we're stuck don't need all this stress  
I know you watch me from where you stand, I hope you catch me when I land  
I swear, I hope you care It's something I would die for,  
It's something I would die for, Why don't you feel it the way I can, I'm stuck in the way I am  
Life is upside down you scream, it's not ok living in a dream  
Why don't you like me the way I am, all this tension is in your hand  
Why do I need you the way I do? Well, you're someone I would die for  
You're someone I would die for,  
You're someone that I care for  
When you know that I don't dare more  
It's something I would die for
