Bliss

G.O.O.D. Music

[Verse 1: Teyana Taylor]
Ooh baby, the day you stepped into my world
You noticed Im the kind of girl who loves her diamonds and white pearls
So tempt me to jetset away in London
To sip on some tea, you surprise me with gifts from Tiffany
Ooh (La la la la la la la la)
I love the way we livin boy
But my daddy say, You dont need that boy
So lets run away, lets run away
Momma say Im too young for love
And lovin you is all Im thinkin of
My heart tells me that youre the one
Its the feeling you give, it is[Hook: Teyana Taylor]
Pure bliss
Like youve got the key to my heart
Simple as a touch and a kiss
Never knew a feeling like this
Pure bliss, pure bliss
Nobody can tear us apart
Baby its as good as it gets
(Kiss kiss kiss kiss)
Loving you will never be hard
This is pure bliss[Verse 2: John Legend]
I remember when the pilot closed the door
Said its time for lift off
You said, Whatd you choose me for?
Dont ever wonder
Cause you deserve the best
Once you reach the top
Youll never question why you left
My world is yours
What you waitin for?
Lets run away
Lets run away
Our friends, say were crazy
But we cant listen baby
Theyve never had it like this
They dont know what it is[Hook: John Legend and Teyana Taylor]
