Late November

Pavlov's Dog

Oh, she wants, she wants it badly
And I, I can't believe all she said
Because she's cool, yeah she's cool
She's just like lightening
Take her home, keep her warm in late NovemberI can't say why she's so strange now
Why did I always believe all she said
She's came down, held me close
Came down from night skies
Take her home, keep her warm in late NovemberShe just goes to show you never know
What's in your heart, what's in your soul
She just goes to show you never know
What's in your heart, what's in your soulShe's home now, but far away she flies
But she don't know how she came
Or how she leaves
'Cause she's cool, yeah she's cool
She's just like lightening
Take her home, keep her warm in late November
