Equus

Bridge Farmers

Allow me to show you
The way which I adore you
Allow me to show you
The way which I adore you
Sometimes I think I must
Just let you be a horse
All I want is to be a rider
To be part of you
Allow me to show you
The way which I adore you
Allow me to show you
The way which I adore you
Sometimes I think I must
Just let you be a horse
All I want is to be a rider
To be part of you
Afraid so afraid
To lose you
If someone looks at you
Turn into donkey
Pretend you are lame
Allow me to show you
The way which I adore you
Allow me to show you

The way which I adore you
Allow me to show you
The way which I adore you
Allow me to show you
The way which I adore you
Equus by nature
Timid creature
Ready to run away
Equus by nature
Timid creature
Cares nothing
For the plans they made
Allow me to show you
The way which I adore you

Allow me to show you
The way which I adore you
Allow me to show you
The way which I adore you
Allow me to show you
The way which I adore you
I will hide you
Will protect you
Won't let anyone
Take you away
