

# Crazy Love (feat. Fabolous)

## Ne-Yo & Fabolous

We're a hurricane  
So destructive in the way that we do  
A little bit insane  
But she loves it just the same and me too  
They say love and insanity  
Are somewhat related, the way that they make us act  
But baby girl, the love between you and me  
Is truly the greatest though sometimes we hate it  
They can't tell me nothing but not you  
'Cause you're my crazy love  
Can't tell me nothing 'bout how we do  
We got crazy love  
I'm intelligent, I'm not stupid, not at all  
But my common sense, when it comes to you it falls  
Then I do something dumb  
They say love and insanity  
Are somewhat related in the way that they make us act  
But baby girl, the love between you and me  
Is truly the greatest though sometimes we hate it  
They can't tell me nothing but not you  
You're my crazy love  
Can't tell me nothing 'bout how we do, you and me, yeah  
Crazy love  
I walk into where you was at  
Then my phone calls get a who is that  
I told her that I worry that we won't last  
She told me, you need to worry when I don't ask  
See that's the crazy love I be talking 'bout  
Gary Coleman face girl what you talking 'bout?  
Make me wanna kick you and that yorkie out  
Then I see that fat ass when you walking out  
How I'm gonna tell my baby bye, bye  
Outfit look crazy on her, you my Lady Gaga  
But you wanna start it first and get the last word  
You wanna lock me down and get the password  
Damn, I wanna stray don't use juice  
So in the bedroom I got a few screws loose  
The head's coo coo, back shots psycho  
Hit it from the back hard, hope you got Geico  
They can't tell me nothing but not you  
You're my crazy love  
Can't tell me nothing 'bout how we do, you and me, yeah  
Crazy love
