

Kitty

[Joan Baez](#)

Out in the wide world Kitty, pretty Kitty
Out in the wide world Kitty, far across the seaMy Kitty sailed away from me
To strange and distant lands
And when I asked a goodbye kiss
She said, "Oh no, shake hands"Out in the wide world Kitty, pretty Kitty
Out in the wide world Kitty, far across the seaWhen Kitty left she said she'd write
He promised her the same
But his address somehow got lost
And she forgot his name
