

Stealing Babies (feat. Elvin Jones)

Our Lady Peace

I'm teething on the answers you're saving
How are you gonna make me sleep again
Well I'm dreaming, you're stealing babies
When are you gonna make me understand, whyHow should I say I'm so sorry
How should I pray to know that we're aliveEve stands alone by the knock on the door
By the thin in her bones, she's courageous and loving
Exhausted and cold, she's not ready to go
So the ghost on the phone helps her safely into her dreamYou're leaving pieces of family
How are you gonna help them understand
Well I'm screaming, you're stealing babies
Why you wanna knock us down again, whyHow should I say I'm so sorry
How should we pray to make us feel aliveEve stands alone by the knock on the door
By the thin in her bones, she's courageous and loving
Exhausted and cold, she's not ready to go
So the ghost on the phone helps her safely into her dreamIt must be our egos, it must be my lack
I'll fight then it might not come back
It must be our egos, it must be my lack
I'll fight then it might not come backI've been weighed down again and
Weighed down again
I've been weighed down again and
Weighed down, weighed down, weighed down
Down, down, down
