

Bedside

Florals

Going off the deep end
Oh honey won't you be my friend
Liberty's a friend of mine
Beats me to it all the time
Yeah all
Going off at the deep end
See the mercury with you go in
Missed the days of miracle (mister)
Hanging from a windowsill
You better believe yourself
Crying in the Everglades
Red yellow orange green
Chump won't you go before you're seen
What did you give
What do you need
