

# I Think I Killed Someone

## Burning Image

I think I killed someone  
It might be, because I cared too much  
You can't hear what I say  
Why?  
Is That You That I See (can you see me?) Why do you feel so cold?  
Wake up, my dear  
Please don't be afraid I'll be good to you  
I promise  
We'll start a family Why won't you answer me?  
Don't make me mad  
You did this to you
