Old Kind Of Love

Ricky Skaggs

As it's the newest craze in town
There's an old kind of love goin' 'round
Husbands are being true to their wives again
And women taking care to take care of their men
And families are really growing strong
'Cause mamas and daddies are holdin' onThere's an old kind of love goin' 'round
A new generation has found
And it's a mighty welcomed sight to see
'Cause things are getting back to the way they used to beWhen hearts could stand strong against the wind
And though the times are tougher than they've ever been
It's the newest craze in town
There's an old kind of love goin' 'roundYoung girls are waiting for their wedding day
And young men are patient because they're there to stay
The world is searching for the truth it seems
And people are saying it's a brand new thingThere's an old kind of love goin' 'round
A new generation has found
And it's a mighty welcomed sight to see
'Cause things are getting back to the way they used to beWhen hearts could stand strong against the wind
And though the times are tougher now than they've ever been
It's the newest craze in town
There's an old kind of love goin' 'round
It's the newest craze in town
There's an old kind of love goin' 'round
