Such Great Heights

Confide

I am thinking its a sign, that the freckles in our eyes are mirror images and when we kiss they're perfectly aligned
I have to speculate that god himself did make us into corresponding shapes, like puzzle pieces from the clay
It may seem like a stretch, but its thoughts like this that catch my troubled head when your away
when I am missing you to death
your out there on the road for several weeks of shows and when you scan the radio
I hope this song will guide you home

They will see us waing from such great heights, "come down now" they'll say
but everything looks perfect from far away "come down now" but we'll stay

I tried my best to leave
this all on your machine
but the persistent beat it sounded thin upon listening
frankly will not fly, you'll hear the shrillest highs
and the lowest lows with the windows down
this is guiding you home

They will see us waving from such great heights "come down now" they'll say
but everything looks perfect from far away "come down now" but we'll stay

(break down)
Come Down Now
oooooooo.....

They will see us waving from such great heights "come down now" they'll say
but everything looks perfect from far away "come down now" but we'll stay (x3)
