Sure Is Nice

Natural Child

You know it sure is nice
To have a little bit of money
You know it's been a long time
Now finally honey
We got a good place
Stand and stare at the sun
You know that look on your face
Makes me not want to runYou know it sure is nice
To have a sexy sweet woman
You know you got me on call
You know you keep me comin'
I don't have to worry
Where I'm gettin' mine from
You know there's lots of pretty girls
You make 'em all seem so dumbYou know it sure is nice
To have a place to sit
You can leave me alone
While I'm taking a shit
Keep the door locked up
No matter how you're knockin'
I'm gonna be here a while
So just keep on walking
