My Heroin

Enuff Z'nuff

Why does everybody dig the pain?
It feels good, real good
Why is everybody now insane?
Cocaine, so lameIt's a sin, you can't win, heroin
You can't win, the shape you're in, my heroinWhere's the joy unless you feel the pain?
Insane, no gain
It's a choice that you don't have to choose
One day, you'll loseIt's a sin, the shape you're in, heroin
You can't win, it's a sin, my heroinThere's a road that we all roam
It's the only road we knowWhy does everybody dig the pain?
It feels good, real good
Why is everybody now insane?
Cocaine, so lameIt's a sin, the shape you're in, heroin
You can't win, it's a sin, my heroin
It's a sin, the shape you're in, my heroin
My heroin
