

White Girl

X

She's blond
Came along the sidewalk
Leave a trail of blue and black up to you, fighting back
Steel chains, a noose of charms on our necks
I find out nothing when we talk and sit
Blue heart passion and watch the set
Easy to fall, part of your skull starts to break away
Cheaters walk down the block behind this evil street
She's a white girl but I'm living with a white girl
She's a white girl but I'm living with a white girl
Nineteen, missing her man for an old girl
Drain every beer left over at home
And listen to ghosts in the other room
Why not you're alone inside his keeping?
Oh I'll replace your drunk old man
Sit in the parking lot and hold your hand
Easy to fall, part of your skull starts to break away
Drugged and in love out at a club, pulling me outside
She's a white girl but I'm living with a white girl
She's a white girl but I'm living with a white girl
Easy to fall, part of your skull starts to break away
Drugged and in love out at a club, pulling me outside
She's a white girl but I'm living with a white girl
She's a white girl but I'm living with a white girl
