

Outdoor Miner

Wire

No blind spots in the leopard's eyes
Can only help to jeopardize
The lives of lambs, the shepherd cries
An afterlife for a silverfish
Eternal dust less ticklish
Than the clean room
A houseguest's wish
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
Face worker, a serpentine miner
A roof falls, an underliner
Of leaf structure, the egg timer
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
