

# I Need A Woman

## Agynst

I need a woman to wipe away my tears  
Keep me warm and sing me bedtime lullabies  
I need a woman put away my toys  
See a man in a boy that's still growing  
Oh I, oh I, oh I  
I need a woman  
I need a woman make me feel all undone  
Hang me out, hang me on take me slow now  
I need a woman find a window in my soul  
Bring me in from the cold that's where I'm dying  
Oh I, oh I, oh I  
I need a woman  
Oh I, oh I  
I need a woman  
Oh, yes I do  
I can see her now as she takes me out  
With a wink of her eye and down I go  
For the longest time do you tell me  
I don't need to know why got a fire inside  
And a feeling I'd die for another night  
Oh, I  
I need a woman, yeah  
I can see her now as she takes me out  
For another night hot and sweat  
As I shiver and shake can you tell me  
If it's do or die I got a fire below  
And a feeling I'd go for another try  
Oh, I  
I need a woman  
I need a woman  
I need a woman  
Oh I need  
I need a woman  
I need a woman  
I need a woman
