

I'm Callin'

Tennis

Tonight I'll trace a fragile curve
The dim horizon that you serve
Holy movement, holy sound
A whisper rising from the ground It's sayin' let me in, I'm callin'
Come on and let me in, I'm callin'
Can you feel it, night is fallin'
I'm callin'
I'm callin' And now I hear your voice
Like a soft ringing
And all at once it seems
Like you've been singing
To me Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey, hey, hey
Hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey, hey, hey Just when I think that you're mine
You start to slip away
But your love is divine
You know I'm comin' for ya
When I think that you're mine
You start to slip away Let me in, I'm callin'
Come on and let me in, I'm callin'
Can you feel it, night is fallin'
I'm callin'
I'm callin' Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey, hey, hey
Hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey, hey, hey Just when I think that you're mine
You start to slip away
But your love is divine
You know I'm comin' for ya
When I think that you're mine

You start to slip away
But your love is divine
I hear you callin'
When I think that you're mine
You start to slip away
But your love is divine
You know I'm comin' for ya
When I think that you're mine
You start to slip away
You slip away
You slip away
You slip away
