Livin' 4

J. Moss

[Rap]Oh no, thought it'd never come
That day that I tell her that I gotta run
Run, run, to my Savior, Do my labor
Cuz His word is Razor sharp
I forgot I hid it in my heart
Gotta do a clean sweep on the spot
Drop, everything that aint clean
Dont take it for being mean
A brother's gotta fufill his dream
Kna' Mean?
[Verse 1]You made my toes bring my balance to the floor
You made my feet walk right over to your door
You had my ankles tangled and puzzled
You had my knees to the point they buckled (what you doin to me?)
In the light of day I stumble over your way
Couldn't wait till the night time, the high time, the right time
Bein as it was, we had to close the door
It was like turning away from a million bucks
But I can't see you kno more
[Chorus]Its like the cold of a lonely night
The draft of a window not shut tight
I've got a hunger for bein right
that's what I'm livin 4
I'm livin 4
Enticed by the things you do
It's a one way ticket
To a devil's hell foolin with you
My soul wants to be true
That's what I'm livin 4
I'm livin 4
[Verse 2]You had my legs on a virtual restrainer
I could not move without permission from my trainer

You had my arms and hands wrapped around your lust
You made my heart bust (what you sayin to me?)
In the light of day I stumbled over your way
Couldn't wait for the night time, the high time, the right time
Bein as it was, we had to close the door
It was like turning away from a million bucks

But I can't see you kno more
[Chorus]Its like the cold of a lonely night
The draft of a window not shut tight
I've got a hunger for bein right
that's what I'm livin 4
I'm livin 4
Enticed by the things you do
It's a one way ticket
To a devil's hell foolin with you
My soul wants to be true
That's what I'm livin 4
I'm livin 4
[Bridge]I give my life
Not unto temptation,
Nor condemnation,
For my savation,
Is more important to me!
[Chorus]Its like the cold of a lonely night
The draft of a window not shut tight
I've got a hunger for bein right
that's what I'm livin 4
I'm livin 4
Enticed by the things you do
It's a one way ticket
To a devil's hell foolin with you
My soul wants to be true
That's what I'm livin 4
I'm livin 4
