Sad Girl

Moxy Fruvous

(Jian on lead)
Sad girl,
taking every cue from every ad, girl.
Hopelessness is easy when it's a fad, girl.
And being good is only when you're a bad girl.Woah...(Jian, w/ others singing "ahhhh")
Sad girl,
maybe you've got every reason in this mad world.(Jian, doubled with himself)
Sad girl,
showing there is nothing you want to be.
Rejecting anyone who loves you truly.
("ooooh" in the background)
And holding that expression like it's a duty.Woah...(Jian, w/ others singing "ahhhh")
Sad girl,
what is it that makes you such a beauty?(All)
Once in a while, to hold your head high
would leave you a sell out.Resigned to ask why, devoted to die,When everything that you've been told,
by any person that you hold,
when any happiness and love will
give you every reason to lie.(Jian)
