Give Up Giving In

Amanda Marshall

I always think about you, I always will
I always wonder what might've been
If we could get time to just stand still
Oh, well
It was the right train
But I guess we must've been off track
And I've been waitin' for so long
But now I know you're never comin' back
And so I'll give up givin' in
Quit playin' this game, can't win
I wish I could stop
But I don't know where to begin
I wonder how you slipped away, I wonder why
I always wonder if there's a chance
That maybe you know what this is like, beside
It's like a bloodstain
And it's spreading across my chest
And I've been bleedin' for so long
I think this heart of mine deserves a rest
And so I'll give up givin' in
Quit playin' this game, I can't win
I wish I could stop
But I don't know where to begin
And now the wolf is at my door
And it's never gonna be like it was before
And I have cried 'til I'm insane
And my head is gettin' cloudy
It shrouded in this pain
So I'm givin' up, givin' in
Quit playin' this game that I can't win
I wish I could stop
But I don't know how
To give up, givin' in
Quit playin' this game that I can't win
I wish I could stop
But I don't know how
To begin
Gotta give up
It's never gonna be like it was before

The wolf is at my door
It's never gonna be like it was before
The wolf is at my door
Gotta give up
It's never gonna be like it was before
The wolf is at my door
It's never gonna be like it was before
The wolf is at my door
Gotta give up
Ooh ooh
Ooh ooh ooh ohh
