

Music Matters

Faithless featuring Cass Fox

For all those who stood up and were counted
For all those for whom money was no motive
For all those for whom music was a message
I want to thank you for making me a little more sure
 A little more wise and courageous
 You told me to look much further
 You told me to walk much more
 You told me the music matters
 And to chase the dogs back from my door
I won't stop here, I won't be still until the sun sets on us all
 Under the sheets with my radio turn down low
 So nobody know it's the late night show
 Hopin' to hear 'Hey Joe', Jimmy was my hero
 Head blown by Type R or was it the true star?
 From Dali Lama to Tanamo, Curtis Mayfield
 Say Kurtis Blow singing into my pillow
And praying I don't dose until my 9 volt battery goes
 You told me to look much further
 You told me to walk much more
 You told me the music matters
 And to chase the dogs back from my door
I won't stop here, I won't be still until the sun sets on us all
 You told me to look much further
 You told me to walk much more
 You told me the music matters
 And to chase the dogs back from my door
I won't stop here, I won't be still until the sun sets on us all
 You told me the music matters
 You told me the music matters
 You told me the music matters
 You told me the music matters
