

Sin With A Grin

Shinedown

Take a good look at agony
Forced, dead, pass down
Time release
I'm inspired to find the lie
Blackless x on the back
Of a soulful man
I've got way's you understand
Look left, look right, but I'm
Behind you
I never noticed, until I focused
On everything you did, you said,
You lit the fuse inside my head[Chorus]
Thank you for reminding me
Of why I'm sick inside
Thank you for the venom, did
You think it would paralyze?
These scars I scratch, I tear
Are there under my skin
Where you've always been
Thank you for reminding me
The sin with a grinHey, men
Hangman on a twisted 2x4
Built your house, but forgot
To lock the door
I'm inside with two black eyes
I have not one shred of sympathy
I have no use for apologies
I'm inspired to find the lie
I never noticed, until I focused
On everything you did, you said
You lit the fuse inside my head[Chorus: x4]
