

Momma

Aztecs

Aye, you know what? When I started recordin' this album
I said I won't gonna do a, you know dear momma type of record
 But I felt the need to 'cause I wanna express
 How I feel about my momma
 But at the same time I want y'all to know that
 If I ever found a woman out there that
Was anythin' like my momma, **** I gotta have her
 Ain't another girl on this earth like my momma
 But if I find that girl I'ma make her my woman
 If I find another girl like my momma
I'll give her unconditional love 'til they take me under
 First things first, where do I start?
This feelin' that I'm feelin' is real, it's not a facade
 The angel that I call momma was sent by God
 Been through thick and thin, better times, even hard
 Raisin' two boys in the ghetto weren't easy
 **** was goin' wrong but she made it seem peachy
 Yeah, she worked long hours whether rain and the freezin'
 Pulled out the Vicks VapoRub when I was sneezin'
 When the kid laid her off and the rent was past due
 Mom was a O G, did what she had to, I got kicked out of school
 She had to talk to my principal, yeah, she kicked my ***
 But her love is unconditional, I love my momma
 Ain't another girl on this earth like my momma
 But if I find that girl I'ma make her my woman
 If I find another girl like my momma
I'll give her unconditional love 'til they take me under
 I remember my first BMX, she showed me how to ride
 She used to lick her thumb to wipe the cold out my eyes
 Oh yeah, I can't forget her cookin', how it stick to my ribs
 She could take Spam and make a first class meal
 When my nigga Steve died me and her both cried
 And when I got locked up she bailed me out every time
 Guess, I'll never know how she remained so strong
 Received Medicaid and food stamps for so long
 We were in Section 8 all the way 'til I was grown
 She played both roles, king and queen of the throne
 I'm not exaggeratin', not even to the slightest
This came from the heart so I ain't even have to write it

I love my momma
Ain't another girl on this earth like my momma
But if I find that girl I'ma make her my woman
 If I find another girl like my momma
I'll give her unconditional love 'til they take me under
 (I'ma try to stop the music one time)
 (Want y'all to clap with me, come on)
Now if you love your momma clap your hands
 If you love your momma clap your hands
 If you love your momma clap your hands
 If you love your momma clap your hands
Shorty, I brought you in this world, I'll take you out
You said it when you caught me skippin' school, makin' out
 Momma you stayed down, you never faked it
Stayed by my side when they thought I wouldn't make it
 And when I had a son, they said I need a job
That's when you told me, "Son, just follow your heart"
 And so I did that, I went through all the drama
So I just wanna take this time to say I love you momma
 Ain't another girl on this earth like my momma
 But if I find that girl I'ma make her my woman
 If I find another girl like my momma
I'll give her unconditional love 'til they take me under, yeah
