

Gonna Be Good

Paul Kelly

Gonna be good
Gonna be good
It?s all good
Gonna be good
Gonna be good
It?s all good
All gravy
Won?t trade it if you paid me
I'll be stressing for a while
The smile that you gave me
Melted me away
Saved me from the pain and
Changed the world around me for a day Yea,
You brought me to a place and
Now I can say
Gonna be good
Gonna be good
It?s all good
Gonna be good
Gonna be good
It?s all good

All great
All good oh baby
We are chilling more than ever
Just being in your presence
Got me feeling much better
I know nothing lasts forever
At least we got this life time
Of love lost it together
Gonna be good
You brought me to a place
Now I can say
Gonna be good
Gonna be good
It?s all good
Gonna be good
Gonna be good
It?s all good

All great
Don?t look at me that way
Gonna be good x3
It?s all good now x2
