

# Cook With Fire

## Heart

C'mon, c'mon, I said c'mon This hot night wind is mine, I know  
This gust of love ain't no liar  
Steamed up, blown up, stoked from below  
I'm a ready to cook with fire, ooh with fire Yeah [Incomprehensible] She cATTin' around to catch you, man  
And butters you up to buy her  
Darlin', she's just a flash in the pan  
And now don't you wanna cook him with fire? I'm talkin' 'bout kickin' the role thing, yeah  
I wanna give you the whole thing, yeah Ooh, listen, she gonna burn ya  
I tell ya, she gonna make you a fool  
But it'll help ya learn yeah  
Way, way better than school I got the soul that's got the spark for ya  
Holdin' a real hot wire  
You got a hungry flame in the dark  
And Lord, we gonna cook it with fire I got the soul that's got the spark for ya  
Holdin' a real hot wire, yeah  
We got a hungry flame in the dark  
And Lord, we gonna cook it with fire Oh, listen to me  
[Incomprehensible]  
Ooo, my sweet baby  
You'll wind up cooking with C-c-cook it with fire, c-c-cook it with fire  
Oh, I could cook it with  
C-c-cook it with  
Oh, cook it with fire, fire, fire, fire Ooh yeah
