Who Are You

Shades

Verse OneI've heard around town that you are a sweetheart
Is that true?
My friends they talk about you
They say the things that you
Are done in such a gentle way
So I need to knowChorusWho are you, who are you
With that charming smile
I've gotta know cause it's driving me wild
You see I heard through the town
Wonder if its true
What do I say, what do I do to find out?Verse TwoI dream of the way, that our eyes meet
And you'll finally say
Hey love I think you're sexy
I'll do anything if you let me
Until then I'll just wait for the day
So I gotta knowChorusWho are you, who are you
With that charming smile
I've gotta know cause it's driving me wild
You see I heard through the town
Wonder if its true
What do I say, what do I do to find out?Who are you, who are you
With that charming smile
I've gotta know cause it's driving me wild
You see I heard through the town
Wonder if its true
What do I say, what do I do to find out?Who are you?
Who are you?
Who are you?
Who are you?I wanna know...
Come on girl let's go
Who are you?
Come on, let's go
