

# Kids of the Century (1991)

## Halloween

We poison our hearts  
We poison our seas  
We burn down the paradise We're stoppin' good waves  
We're losin' our trees  
The future looks bright ahead  
I don't wonder we'll go under in this river of lies oh oh oh We're lost in this time we create so fine  
The future we already fear  
Seems like no way out, seems like there's no doubt  
The future looks bright ahead We're the kids of the century we're lost in our games  
No time for the memories we look in the haze  
We're the kids of the century it wasn't our fault  
Everything's done mum, we fall  
Let's keep on crying  
But sometimes I don't want to fall  
I don't want to fall sometimes I don't want to fall Every time when you look around things will smile at you  
Every time when you turn around you smell the truth  
But you run away from the lies you can't say  
Don't run away from the lies you can't say We're the kids of the century we're lost in our games  
No time for the memories we look in the haze  
We're the kids of the century it wasn't our fault  
Everything's done mum, we fall We're the kids of the century we're lost in our games  
No time for the memories we look in the haze  
We're the kids of the century it wasn't our fault  
Everything's done mum, we fall  
Let's keep on crying  
But sometimes I don't want to fall  
I don't want to fall sometimes I don't want to fall  
No, I don't want to fall sometimes I don't want to fall
