

# You're In

**Kimya Dawson**

Urine, urine  
lots and lots of urine  
I need a lot of urine so I can pee on a stick  
urine, urine  
there's something in my urine  
I never thought my story would twist like this  
if you're in, you're in, I'm in, I'm in  
he's a man child, we don't need him  
if you're in, you're in, I'm in, I'm in  
you were born to be a mom, I am just a kid  
urine, urine  
lots and lots of urine  
I need a lot of urine so I can pee on a stick  
urine, urine  
there's something in my urine  
I never thought my story would twist like this  
if you're in, you're in, I'm in, I'm in  
I'm sorry I was so mean to one of my best friends  
if you're in, you're in, I'm in, I'm in  
this knick knack patty whack relationship  
urine... urine... urine... urine... urine... urine... I'm in
