

# Kick The P.A. (Jonathan & Dust Brothers)

## Korn

You simply defy, I cannot and look through the sky  
We try it single file, dig on me, here is my denial  
I cannot ever find something safe, my tongue on the fly  
I cannot live this way -- floorin' me, we'll kick the P.A. You wanna play with me?  
I'm really gonna rock your world  
You wanna come for me?  
I'm gonna rock your world You say everything is fine, I cannot compete with the skies  
My sickness crossed the line, come and meet my fly through the sky  
I cannot ever find, you and me we'll make all the lines  
Oh, if they could see the play, no one would wanna be me  
You wanna play with me?  
I'm really gonna rock your world  
You wanna come for me?  
I'm gonna rock your world So I fly, take me  
I cannot fly, most people hate me  
To fly away from this pain So I fly, take me  
I cannot fly, most people hate me  
To fly away from this pain Please take away, please take away my P.A. So I fly, take me  
I cannot fly, most people hate me  
To fly away from this pain, this pain P.A.!  
Please take away, please take away my P.A.!  
Please take away, please take away my P.A.!  
Please take away, please take away my P.A.!  
Please take away, please take away my P.A.!  
Please take away, please take away my P.A.!  
Please take away, please take away my P.A.!  
Please take away, please take away my P.A.!

Please take away, please take away my...
