## Luna

All of a sudden  
The girl of my dreams  
She never asks  
She always screams Do you see her face  
In a puddle at my feet?  
As I bend down  
To kiss the street And I'll come runnin' to her  
And I'll come runnin' to her Her sleep is troubled  
Her face will twitch  
She wakes up angry  
And I'm bewitched Her smile is forced  
She's always late  
But she's not sorry  
And I capitulate And I'll come runnin' to her  
And I'll come runnin' to her All of a sudden  
The girl of my dreams  
She never asks  
She always screams
