

What Ya Want (feat. Eve & Nokio)

Ruff Ryders

Ugh, ugh, ugh, ugh, ugh ugh
What y'all niggas want, huh?
Ugh, ugh, ughLubia huh? Papi screamin' out of they mouth
Bomb shell just a second, mami wanna speak out
What I need in my life, make ya body freak out
Baby seem like the type, married niggaz sneak outLike I'm ballin' y'all, yes I be appallin' ya'll
Boss type hold it down, wantin' all of y'all
Callin' y'all never chasin' me down
Three weeks, heartbroken, yes, you hatin' me nowShe speaks soft spoken, till she datin' the clown
I'm takin' 'em down, reel 'em in and makin' em drown
Mistake, I said gimme that, but I'm takin' it now
What I need from a nigga, negative in his soundOr dasity even askin' me, for ass, I laugh
This bitch is fast and free, swatin' 'em off
When I see this niggas a flea, plotin' of cost for riches
Millionaire wannabe, uh huhWhat y'all niggas want?
(What we want, wha?)
Can't touch
(Uh)
All y'all niggaz need
(What we need in our life?)
Is right here with me
(Uh)Sounds y'all wanna hear
(Who dat, who dat?)
Swizz Beatz
(Uh)
I'm the one you fear
(Why?)
It's my time, feel mePopular since I started my life
Eve you know my name, probably the dangerous type
Brick house stallion, think you taming me right?
Not this baby Val Philly streets, they raisin' her rightKeep it pretty or can make it gritty be a lady
Need boots pocket books and a baby 380
But prefer to keep it, calm and cool
When I'm heated I suggest you move
Just avoid a bad situation, what you got to prove?Leave her be, chicken squakin' hatin' frequently
Manic Man is obsessed and stalkin' me
If he, icy enough, I'm pricin' his stuff
Be nicy enough , to let him spin, I'm callin' ya bluffPuttin' it down, Ruff Ryders puttin' they work
Snatched up the illest viscous pittbull in a skirt

Makin' em hurt, haters steady dishin' up dirt
Changin' the game, settin' the rules, makin' it work, uhWhat y'all niggas want?

(What we want, wha?)
