

You're Everything That Matters to Me

Steps

Used to say I know,
To Find love I'd climb any mountain,
Now I've reached the top,
The only way is down again. You're not everything to me that matters,
My whole world when you leave won't shatter,
I will my best to make you see,
You're not everything,
No you're not everything that matters to me, I know I should have told you,
If you want my arms to ever hold you,
Gonna need more love than this,
How will I make you see,
If you want the whole truth,
You'll find that I'm trying to show you,
Just what your love means to me,
I can't let you in, You're not everything to me that matters,
My whole world when you leave won't shatter,
I will my best to make you see,
You're not everything,
No you're not everything that matters to me, Don't wanna spend my whole life,
Just waiting on the pain oh oh oh,
I need some time, I need some time,
While I'm waiting in the rain,
And if I let you hold me,
Will I ever survive,
So I'll deny these feelings,
I've tried hard so long to hide, You're not everything to me that matters,
My whole world when you leave won't shatter,
I will do my best to make you see,
You're not everything, no you're not everything to me oh oh,
You're not everything,
But you're everything that matters to me.
