Blessid Union Of Souls

You can look into his tired and weary eyes
You can tell a million stories of all he holds inside
Waiting patiently 'til the day he dies
(For a better life)
For a better life
(For a better life)
For a better life
He saw people die because of their beliefs
He saw a leader shot down cold by men behind the trees
But he believes he believes that one day he will see
(Love and harmony)
Love and harmony
(Love and harmony)
Love and harmony
He said, ?Take me to a world that's filled with happy people
Take me to a land where the poor men are the rich ones
The smiling faces and the lonely ain't alone
Take me to that peaceful place that I call home?
Tell me how it is that someone can't believe
When the sun gives light and brown comes to the leaves
But we have got our own ideas of how the story's told
(Lies and make believe)
Lies and make believe
(Lies and make believe)
Lies and make believe
He said, ?Take me to a world that's filled with happy people
Take me to a land where the poor men are the rich ones
The smiling faces and the lonely ain't alone
Take me to that peaceful place that I call home?
[Incomprehensible]I wanna go home, oh yeah
Take me to that peaceful
Take me to a world
Take me to a land
The lonely ain't alone
Take me to that peaceful
