

Don't Worry

Goo Goo Dolls

I called you up all night 'til mornin'
Left my house by noon today
And I saw you standing there
No one spoke, but we both listened
Heard every word you didn't say And the sun shines all around us
Smells like summer's on the way
And I saw you standing there
Tell the story of a lifetime
Tomorrow brings a brand new day Don't worry 'bout today
And the words that you said
Don't worry 'bout today
Shake the world from your head, at least for a while They say, the days keep getting longer
But my nights seem longer still
And my TV's off the air
Watching repeats on my ceiling
Another hour left to kill Don't worry 'bout today
And the words that you said
Don't worry 'bout today
Shake the world from your head at least for a while
