It ('s a Monster)

[Extreme](#)

Everybody was born in it
Sure as hell gonna die in it
Some people don't give a shit
Whether or not they're full of itIt's on my mind most of the time
That's when you find, we all go blind
Then it will start to get in our hearts
It's gone too far, that's who we areIt's a monster
(We all have within us)
It's a monster
(It's a monster)It's a monster
(Turns us into sinners)
It's a monster
(It's a monster)Started when I played with it
It turned into a habit
And after that once you've been bit
Oh, you can't seem to get rid of itIt's on my mind
(On my mind)
Most of the time
(Most of the time)That's when I find
(That's when you find)
We all go blind
(We all go blind)Then it will start
To get in our hearts
It's gone too far
That's who we areIt's a monster
(We all have within us)
It's a monster
(It's a monster)It's a monster
(Turns us into sinners)
It's a monster
(It's a monster)It's a monster
(We all have within us)
Say, it's a monster
(It's a monster)It's a monster
(Turns us into sinners)
It's a monster
(It's a monster)Everybody was born in it
(Everybody was born in it)
Sure as hell gonna die

(Sure as hell gonna die)
Some people don't give a shitIt's a monster
(We all have within us)
It's a monster
(It's a monster)It's a monster
(Turns us into sinners)
It's a monster
(It's a monster)It's a monster
(We all have within us)
It's a monster
(It's a monster)It's a monster
(Turns us into sinners)
It's a monster
(It's a monster)
