Her

Sig Roy

Her

(Verse 1)
She a dancer, she did ballet in school/
but it don't matter, when we dark dance In the room/
confidence shattered, her heart as big as the moon /
buying all designer, with cash she needs for school

Get a call late night, some shit she do/
pull up to my crib, just to talk what's new/
But I don't mind, she knows it too/
she knows that I'm, no lie just truth

(Pre chorus)
I'm giving you a chance
don't blow it girl, don't blow it girl
You know that I'm not him,
I told you girl, I told you iii

(Chorus)
& This ain't what you're made for/
that real loves what you came for/
I can show you what you never had & plenty more
Girl you got somethin that I can't ignore/
is you ready for it?
Is you ready for it

I ain't going in no where.....
Ain't goin now where
You know I take care
Wake you from you this nightmare

(Verse 2)
I wanna know how, you stay so confident/ how you move forward, even after all this shit
On to the next one, you puttin all trust in
nothing but loyal, still stay monogamous

You heard all these lies, believe they're true/
ignored the signs, these guys are fools
But you'll be fine, you know it too

Cause you know that I'm, no lie just truth

(Pre chorus)
I'm giving you a chance
don't blow it girl, don't blow it girl
You know that I'm not him,
I told you girl, I told you iii

(Chorus)
This ain't what you're made for
that real loves what you came for
I can show you what you never had & plenty more
Girl you got this somethin that I can't ignore/
is you ready for it?
Is you ready for it

I ain't going in no where.....
Ain't goin now where
You know I take care
Wake you from you this nightmareï»¿
