The Walls Have Teeth

He Is Legend

There has been an accident at the house built out of sticks
I will miss that little piggy
I can't believe thisWrite this down and tell the world that the wolf has been found
When he dreams he dreams of flawless escape
Won't you try to get out of the wayWait this is a cover up.There has been one more victim
But I don't know his name
And the wolf has got a taste for bacon
But it's just a part of the game
When he dreams he dreams of flawless escape
Won't you try to get out of the wayWait! This is a cover up
Let me see him
Alert the press!
Where is the warden?
Where is the wolf?
I've got to find himWhenever you want it you can come and get it
Whenever you want him you can come and get him
