Tearing In My Heart

Sunny Day Real Estate

Tearing in my heart when the world falls apart
And it's almost too hard
Tearing in your mind how the pain makes you blind
When it's all said and doneTearing in my heart, a mistake from the start
And it's almost too hard
Tarry, it's my mind, I'll repay you another time
When it's all said and doneTearing in your bones when the road left you alone
And it's almost too hard
Tarry in my soul and you help make me whole
When it's all said and doneTearing in my heart when the world falls apart
And it's almost too hard
Tarry in my soul and you help make me whole
When it's all said and done
