

Lotus

[Al Jarreau](#)

Without a whisper without a chore
All without ambition that awaits 10,000's roar
The perfect vision of less is moreAwake in me lotus flowerWithout conditions without a door
Me and my religion seekin' fame and keepin' score
Somewhere the vision of less is moreStill waits in me lotus flowerThose golden chimes ring in roundelay
In time chasin' pride away far away from sight
Somewhere tonight a child is waitingThose golden chimes ring in roundelay
In time chasin' pride away far away from sight
Somewhere tonight a child is waitingWithout a whisper without a chore
All about ambition that awaits 10,000's roar
The perfect vision of less is moreAwake in me lotus flower
