

Don't Get Better

No Authority

If anybody wants to know why it is I feel for you
Baby, you're first thing on my mind
When no one else was down for me, you were always 'round for me
Helping me to fight for what's mine So it ain't hard to see how much you've done for me
There're some that never ever find
Someone who feels so good, someone who understood
What's going on in my mind It's the way that you do for me
It's the way that you're true to me
It's the way that you're loving me
It don't get better, no way, it don't get better It's the way that you're there for me
It's the way that you care for me
It's the way that you fight for me
It don't get better, no way, it don't get better You taught me how to let it go, taught me how to let it flow
Showed me this with only a smile
The way you opened up to me, trusted me so totally
I never felt I had to try So it ain't hard to see how much you've done for me
Some people never ever find
Someone who feels so good, someone who understood
What's going on in my mind It's the way that you do for me
It's the way that you're true to me
It's the way that you're loving me
It don't get better, no way, it don't get better It's the way that you're there for me
It's the way that you care for me
It's the way that you fight for me
It don't get better, no way, it don't get better Don't get better
It don't get better
Don't get better
It don't get better No more wishin', wishin' on a star
'Cause all I ever wanted you are
You're all I need, girl, please believe
It's true, it gets no better than you, baby No, no, no
Gotta know I'm not gonna lie to you
No, no, no
It's the way you It's the way that you do for me
It's the way that you're true to me
It's the way that you're loving me
It don't get better, no way, it don't get better It's the way that you're there for me
It's the way that you care for me
It's the way that you fight for me

It don't get better, no way, it don't get betterIt's the way that you do for me
It's the way that you're true to me
It's the way that you're loving me
It don't get better, no way, it don't get betterIt's the way that you're there for me
It's the way that you care for me
It's the way that you fight for me
It don't get better, no way, it don't get betterIt's the way that you do for me
It's the way that you're true to me
It's the way that you're loving me
It don't get better, no way, it don't get better
